CITIZENS AND COUNCIL AFTER PARIS WATER CO.

Patrons of the Paris Water Company were greatly displeased when in their mail a few days ago they received a communication from the Water Company notifying them that a raise of fifty per cent. in water rates would be put into effect in the near future, but many were really indignant when they read that a further ten per cent. raise would be added to their bills in the future as a "war tax."

The Paris Water Company has been operating for a considerable time without a contract with the city, the proposed contract, which was submitted to a vote of the people of the city, being rejected last year.

Paris citizens say they have been sorely tried by the actions of the Water Company for a number of years. At numerous fires, the force of water, it is said, was not sufficient to throw a stream of water into a second story of business houses. Numbers of families have been afraid to use it for drinking purposes without first boiling it thoroughly. Now that the dam, which acted as a natural reservoir to hold back a supply of water, has been practically washed away, there is every reason to believe that the people of Paris are of the opinion that the condition as to a water supply here next summer will be a serious matter, should a drought prevail.

Mayor January and members of the Board of Council have been overwhelmed with complaints from citizens during the past few days, and they all demanded that something be done. The Mayor appointed a committee composed of Councilmen Merringer, Veatch and Kiser to take the matter up with the Water Company, which they did in a lengthy communication. Owing to a lack of space and pressure of advertising on our news columns in this issue THE NEWS has deferred publishing the communication.

THIS IS NO-ACCIDENT WEEK ON L. & N.

By the afternoon of January 19, approximately two hundred and thirty thousand (230,000) railroad men South of the Ohio and East of the Mississippi rivers will have signed a pledge to go seven days, if possible without sustaining a personal injury.

The week beginning January 20th has been designated by the Regional Director of Railroads as "No Accident Week" and according to a statement issued to-day by C. M. Anderson, Regional Supervisor of Safety, Southern Region, the lines under his jurisdiction approximately total thirty six thousand (36,000) miles with two hundred and thirty thousand (230,000) men and women on the payrolls.

Back of this army of industrial workers, who have decided to eliminate personal injuries, are three hundred and fifty safety committees, composed of both officers and employees working under regulations prescribed by the United States Railroad Administration.

According to the employees themselves, who are taking a keen interest in it, says Mr. Anderson, "No Accident Week" is bound to give a big impetus to their safety work. The test is something concrete—something which they may attain definitely as a result of their efforts. This is causing considerable rivalry among the roads and the men say that the psychological effect upon the rank and file of employees of being thus placed upon their mettle, together with the knowledge that even for a week, they must prevent actual suffering or grief to any number of employees or their families makes "No Accident Week" well worth while.

Daily reports will be compiled by telegraph of progress made on every railroad in the South so that every employee will be advised as to what is being accomplished.

LOUISVILLE GLASS PLANT SUFFERS A \$165,000 FIRE.

The Louisville, Ky., branch of the Illinois Glass Company, of Alton, Illinois, was destroyed by fire Saturday with a loss of \$165,000. Of this sum \$100,000 represents a stock of bottles and glassware in the company's store rooms. Defective wiring is believed to have been responsible for the fire, which started on the second floor of the building at Second and Main streets and spread rapidly to the upper stories through an elevator shaft.

THE TOBACCO MARKETS.

Ninety-one cents a pound was paid for Mason county tobacco in Maysville, Friday. It was the highest price ever paid on that market. John Allen, a negro tenant farmer, raised and sold the crop, which was purchased by one of the Reynolds buyers, who declared that it was the best tobacco he had seen in forty years of buying experience.

New buyers now operating on the Paris markets are C. H. Cozart, of Creedmore, North Carolina, and N. F. Fulton, of Winston-Salem, North Carolina.

During the past week the Bourbon Tobacco Warehouse Company sold a total of 1,096,805 pounds of tobacco, for a money value of \$453,103.29, a floor average of \$41.31. From the opening of the season to date the sales have aggregated 3,125,615 pounds, which brought in a money value of \$1,173,546.50, a floor average of ten cents a pound higher than one year ago.

No report was available from the Independent House. Available figures presented by both houses show the Paris market has sold so far during the season a total of more than 5,000,000 pounds of tobacco, and distributed among the farmers money to the value of more than \$2,000,000.

Many crops of tobacco are being sent to the Paris market from other counties and districts, owing to the high prices being obtained at the local houses.

Crop of one and one quarter acres of one and one quarter acres of tobacco, raised by Robert, Hollis and Edward Datzell, young sons of Mr. and Mrs. Clifton Datzell, of Little Rock, was sold on the Paris market last week for \$1,047.72. This is considered a record price for a crop of tobacco raised on that limited amount of land.

The Bourbon Tobacco Warehouse Company held another record-breaking sale yesterday, when a total of 275,115 pounds of tobacco, sold on the floors for a total of \$129,068.11, an average of \$46.90. The quality of the offerings was good and the demand equally so, as evidenced by the crop averages, some of which follow:

ARRESTED ON CHARGE OF EM-BEZZLING GAS FUNDS.

Charged in a warrant with embezzling funds of the Paris Gas & Electric Co., amounting practically to \$1,168.81, Mr. Julian Howe, bookkeeper, was placed under arrest yesterday afternoon, by Deputy Sheriff Ollie Marshall. The warrant was issued at the instance of a bonding company, and the affidavit was sworn to by Mr. C. L. Steenbergen, Superintendent of the Company. Mr. Howe, when placed under arrest, asked to be allowed to go to Carlisle to consult relatives there, which request was granted. Accompanied by Sheriff Marshall, Mr. Howe made the trip, and returned to Paris about 6:30 o'clock.

Mr. Howe has been bookkeeper for the Paris Gas & Electric Company for several years, and has had access to the Company's records. He had been a valued and trusted employee of the company. It was understood last night that the shortage, if there was any, would be made good and all legal proceedings would be stopped.

LOCAL HEALTH BOARD FINDS CONDITIONS SATISFACTORY

Although the influenza cases in the county have grown to large numbers and the situation there appears serious, here in Paris, according to the Health Board, matter are not so bad. The influenza, while still with us, is in a mild form, and there has been nothing near the epidemic stage it assumed some weeks ago.

At a meeting of the Board of Health, held Sunday afternoon, every phase of the situation was carefully sifted over and discussed from every standpoint. The conclusion arrived at was that the situation here was very good, and that there was nothing in it to cause alarm. No ban will be placed on, as had been rumored. The Board urges the public to use the Mayo-Rosenow serum, as a preventative of pneumonia, which, in many cases, has followed semi-recovery from the influenza, and to observe all the necessary regulations. The Board strongly urges the people of the city to observe the anti-spitting ordinance as they have found that spitting on the floors in public places and on the pavements of the city has always been a most fruitful source of spreading the disease.

REV. RICE RESIGNS PASTORATE

At the morning session of the Paris Presbyterian church Sunday, Rev. J. J. Rice, who has been pastor of the church about eighteen months, tendered his resignation, to take effect on March 1. The resignation, which was not unexpected, was accepted.

Rev. Rice came to Paris from the Nicholasville church, which pastorate he had held for several years, and in the short time he has been here has worked earnestly for the congregation, and for the interests of the church. He is a remarkably strong pulpit orator, and has many friends here who regret his leaving. His reasons for resigning were not made public. Rev. and Mrs. Rice will go to Harrodsburg, March 1, where Rev. Rice will take charge of the congregation of the Presbyterian church.

IN THE SERVICE OF THEIR COUNTRY.

Ensign G. B. Fishback, stationed in the Aviation Section of the navy, at Pensacola, Florida, is visiting his sister, Mrs. Clyde Huffman, in this city.

Sergt. Richard P. ("Rick") Thomas, former Parisian, and for a long time a member of the State Fire Marshal's office force, has returned to his home at Mt. Sterling. He has been in France with the American Expeditionary Forces, and has received his final discharge papers.

Private Sparks Wilson, who was one of the first Bourbon county boys to enlist in the army at the beginning of the war, has returned home. He has been stationed a large part of the time in Texas, near the Mexican border, but had recently been transferred to Fort Riley, in Kansas. He was accompanied home by one of his comrades.

Lieut. Fielding Rogers, has returned to his duties at Camp Merritt, in New Jersey, after a short visit to his parents, Mr. and Mrs. Warren Rogers, near Cane Ridge. Lieut. Rogers had been detailed to take charge of a detachment of three hundred men from the camp who are to be mustered out at Camp Taylor. On his way back he stopped over at the home of his parents a few days.

Mr. John Ardery, who has been engaged in chemical research work for the government at the Edgewood Arsenal, near Baltimore, Maryland, has arrived on a furlough for a visit to his parents, Mr. and Mrs. S. S. Ardery, and other relatives in this city. Mr. Ardery recently sent THE NEWS a copy of the Baltimore Sun in which appeared an article describing the work at the Arsenal, which is said to be one of the biggest plans of the kind in the world.

Another of the "Bourbon County Misfits," as they called themselves, those Bourbon county boys who went to conquer the wild and woolly West, has arrived at Camp Taylor. Mr. Barnett Winters, of Paris, received a message Sunday from Fred Miller, recently manager of the Harry Simon store in this city, announcing his safe arrival at Camp Taylor, after a long overland journey from the army cantonment at Vancouver, Washington. Fred expects to be mustered out of the service and return to Paris very soon. He has company at Camp Taylor—Jackie Saloshin, who is also awaiting his final discharge papers.

Leo C. Brannon, former Paris boy, son of Mr. and Mrs. Thos. F. Brannon, formerly of Paris, now residing

in Lexington, has returned to his home in that city, having received his final discharge papers. Young Brannon enlisted last June, and, on the transport Susquehanna, made the voyage to France and Italy four times with American troops.

Sailorman E. F. Tackett, a former resident of Millersburg and Paris, was a guest recently of his parents, Mr. and Mrs. Charles D. Tackett, and other relatives in this city. Tackett had been stationed on the U. S. S. Roanoke, engaged in mine-laying work in Scottish waters. He returned to Newport News, Va., to join his shipmates on the Roanoke.

Addressing approximately 700 members of local draft boards in the State, members of the Illinois Selective Service Association at Chicago, Maj. Gen. Enoch H. Crowder declared "that after a year and a half of experience it is now generally conceded that the plan of the selective service system was fundamentally sound."

"This war could never have been won by armies raised exclusively by the volunteer system," he said. "Germany completely misunderstood the capacities of our citizenship. Not only was our organized plan effective within six weeks from the day of the declaration of war, but the product of the selective service system showed equally well with the volunteers in their moral fiber to fight."

Corporal James Ford Fithian, of Paris, stationed at Camp Lee, Va., writes THE NEWS, in ordering change or address, as follows:

C. F. A. D.
"Training Center,
"Camp Lee, Va.,
"Jan. 16, 1919.

"While at home the company was consolidated with some other troops and the company re-named, so will thank you to send THE NEWS to the above address in order that I might not miss a copy.

"I will not attempt to write a letter this time, as there is nothing of importance to relate. However, the following lines express my sentiments better than anything I know of:
"Oh! how I want to get out of the army.
Oh! how I hate my prison cell.
When I think it's time I moved
Then I hear I'm disappointed.
You've got to stay in
You've got to stay in
You've got to stay in the army.
Some day I'm going to murder a Colonel.
Some day I'll tell him to go to hell.
I cannot see the urgency
Of stretching this emergency.
And tell the rest of the boys farewell."
Very truly yours,
JAMES F. FITHIAN.

The Telephone.

The telephone is the most stub-
born of all the forms of mechanical
life. What the mule is to the animal
world the telephone is to the world
of science and invention.

As a purveyor of good news it is
a failure. As a disseminator of bad
news it is a regular old gossip; in
fact, a whole sewing circle.

I am relating only my own expe-
rience with the telephone. Other
telephones may babble good luck
day and night. Mine is a pebbleless
Demosthenes so far as good luck is
concerned, but when it comes to ped-
dling out gloom it is as voluble as a
colored minister at a funeral. It
chatters incessantly and repeats its
bad news over and over again.

As a peddler of prevaricance it is
101 per cent. efficient and hits on all
twelve cylinders. It is a dozen tele-
phones merged into one and speaks
with perfect articulation and an
abundance of force and clarity of
thought. It is afflicted with a well-
defined stutter and a severe attack
of quinsy, and speaks a sort of vest-
pocket volapuk which I could never
understand.

When one wants to get me on the
phone to offer me \$1,000 or even a
less amount my telephone is a deaf
and dumb beast. It either rings so

faintly that I don't hear it at all or
it jumbles up the message so that it
sounds as though somebody is trying
to sell me a motorcycle on the in-
stallment plan. It simply won't
work, and two or three weeks later
I hear that somebody was trying to
give me some money and couldn't
and had to give it to somebody else.
But when there is some bad news
coming to me, like the loss of a job
or the impending visit of my wife's
uncle, my telephone simply out-
phones itself. It sticks to the job as
peanut butter sticks to the roof of
one's mouth. It can't escape it. If
it is bad news the telephone will
ring its head off, and if I don't re-
spond it will come out and pull me
out of bed.

Industrial Melting Pot.

Returning soldiers are finding
pleasant reading in the statements
of local committees to the effect that
there are "jobs for all soldiers," but
the soldiers, themselves, are facing a
period of "readjustment," since the
kind of employment as a rule consists
in a "job," without reference to
what it may consist of. Some of the
big concerns have held the positions
of their employees open, but many of
the boys are returning to face a new
melting pot in which they are ex-
pected to become new factors, and
"start over again." Communities that
are living up to their boasts of what
they will do with the "boys," may be
plentiful—but if they are, they differ
somewhat from the National Capital
in this respect.

War Workers Cling to Washington.

The speed shown by war workers,
whose Washington jobs have expired,
in attaching themselves to other po-
sitions in the Government service,
gives evidence that the Capital holds
appeal to patriots, who have been
working there for \$1,200 and \$1,400
a year, as compared to half those sal-
aries at home. Breakfasts are still
a dollar and a half, and rooms cost
\$5 a night, at the bon-ton hotels of
Washington, but there are lots of
ways in which the young men and
women who are working in Washing-
ton can live at considerable less
than their salaries, and have consid-
erable left over for their amuse-
ments.

PROMINENT WINCHESTER PRO- MOTER STRICKEN WITH PARALYSIS.

While seated in the waiting room
at the Union Station in Lexington,
Friday, Col. Thos. G. Stuart, former
Mayor of Winchester, and one of the
best-known citizens of that city, was
stricken with paralysis. An ambu-
lance was called and the stricken
man was removed to the Good Sa-
maritan Hospital, where he was placed
under the care of physicians.

Col. Stuart has long been a promi-
nent figure in the industrial life of
Winchester, and was instrumental in
promotion work that helped to de-
velop Winchester's commercial ac-
tivity.

COLORED PEOPLE DEAD.

Two deaths among colored peo-
ple from the same cause, pneumonia,
occurred at the Massie Memorial
Hospital. Wm. Rankin, from near
North Middletown, and James John-
son, a tenant on the farm of Mr.
Walker Buckner, near Cane Ridge,
both died of the disease at the insti-
tution on the same night.

Ben Bowles, aged eighty years, a
well-known colored man, died at his
home near Little Rock, after a short
illness. He had a little home on the
Levy pike, where he had spent prac-
tically all his life.

Mrs. Maggie J. Robinson, wife of
A. H. Robinson, died of Bright's dis-
ease at her home in Paris. She is
survived by her husband, one son
and one daughter. She had been a
servant in the families of Perry Wor-
nall and Will Wornall, in the county,
for nearly fifty years. The funeral
was held in the Paris colored ceme-
tery with services conducted by Rev.
Stafford Campbell, pastor of the col-
ored Christian church.

A PLEA FOR THE SUFFERERS IN ARMENIA.

"To the County Councils of Defense:
"The Council of National Defense
has just wired us as follows:

"We endorse and ask your sup-
port for the campaign now being
conducted by the American Commit-
tee for Relief in the Near East to
raise thirty million dollars to relieve
the unparalleled distress among Ar-
menians, Syrians and Persians. This
campaign has Governmental status
in that the relief which in the near
East can be financed by private con-
tributions alone will be administered
under the supervision of Herbert
Hoover as Director General of Inter-
national Relief. President Wilson
has just cabled: 'The appropriation
asked of Congress for handling food
relief is not intended in any way to
take the place of the subscriptions
being asked for relief and rehabilita-
tion in the near East. I hope that
this subscription will not in any way
be interrupted or reduced. The need
is immediate and very great.' Please
arrange for all possible assistance
from your entire organization."

"The needs of the Armenians, Syr-
ians and Persians are greater than
those of the people of any other part
of the world, and their sufferings
have been and are now beyond con-
ception. We trust that you will,
through your Community Councils,
co-operate in every way possible with
the campaign committee which is un-
dertaking to raise your county's
quota of the fund in Kentucky in
the week beginning January 26.

WOMEN'S ACTIVITIES.

At The Red Cross Sewing Room

Tuesday—C. W. B. M.
Wednesday—Woman's Bible Class,
Christian Church.
Thursday—Jewish Circle.

The Red Cross and the Federal
Board have developed a most satisfac-
tory co-operation at all points. At
the recent State Conference of Char-
ities and Corrections held in Colum-
bus, O., Mr. Shaw said:

"We have never yet asked a single
service of any Red Cross chapter in
Ohio, Indiana and Kentucky which
was not promptly, efficiently and gen-
erously carried out."

This is indeed gratifying. But
such a reputation can not be main-
tained by the Bourbon County Red
Cross Chapter unless there is a more
generous response to the demand for
workers at the sewing room. What
if all departments of war work had
ceased with the armistice? Let us
remain faithful to the end. The of-
ficers of the local chapter are exceed-
ingly anxious that the work be fin-
ished as early as possible. Your own
spring work is in sight. Help at the
Red Cross rooms now while you can
spare the time.

STILL GOING SOME.

Dog licenses are still being issued
from the office of County Clerk
Pearce Paton, though the impression
had erroneously gotten out that no
licenses could be issued after Janu-
ary 15. Up to a late hour yesterday
afternoon Clerk Paton has issued a
total of two thousand licenses and
tags.

baseball in his life.

To Parents

You rush your child to the den-
tist when he has a toothache. Most
of you don't wait for actual trouble,
but bank on regular examination and
care to prevent it.

But how about your son's and
daughter's eyes? Are they perfect?
Are you sure they are not handi-
capped because of faulty vision?
The general health and work in
school of almost nine out of ten
children can be improved 50 per
cent, by properly fitted glasses.

Let us examine your child's eyes.

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

In a recent letter from Capt. Jas. A. Orr, he says: "We have no prospects or information as to when we will get home. I presume it will be a few months anyway. But we may get orders to pack up our 'Old Kit Bag' any time. Everybody is anxious to get back. I thought of running over to Paris to attend Woodrow's big reception, but as neither he nor President Poincaré sent me an invitation I refused to go. However, it seems to have been a success without me.

We are planning to have a big Christmas dinner we (our officer's mess) bought three turkeys at \$1.35 a pound, about \$17.00 apiece, ought to be some turkey whether it is or not.

Things we can get from the U. S. Commissary are very reasonable. Cheaper than you buy at home. For

instance, domino sugar, 2 lbs. for 15 cents and other things in proportion. We have been planning an entertainment for children of the village where we are located. Our band is going to "music" for them and we are going to have a Christmas tree and candy for them. They haven't had any for four years and never saw a Christmas tree.

This is certainly some rainy climate. It has not been very cold here yet. It does not get very severely cold here in winter. But being out in the weather and wet, cold mud so much is why the boys use heavy socks, etc.

We have a very comfortable hut where we are now, built of five-inch oak lumber and covered with tar paper.

Hope everybody is having a good Christmas.

MERITONE GAINS QUICK SUCCESS

Famous Medicine Sweeps Over Tennessee and Kentucky in Two Months.

IS NOW ON SALE HERE.

G. S. Varden & Son Honored With Exclusive Agency in Paris.

Meritone, the new system medicine of real merit that it now on sale in Paris at G. S. Varden & Son's, has gained almost instant success wherever it has been introduced.

In its first two months the famous new medicine swept over the States of Tennessee and Kentucky with such rapidity as to startle even the oldest and most experienced drug men. Already the name of Meritone has become a household word over a territory containing five million people.

This instant rise to success could not have been accomplished if Meritone did not have real merit. The makers of Meritone believe it is the medicine of merit that thousands of ailing people have been needing and wanting for years. It is the formula of a trained chemist who spent years to bring it to perfection.

In larger cities thousands of people are already taking Meritone and are getting wonderful results from its use. Many are taking Meritone to build up their strength and health after influenza or pneumonia. Many others are taking it to correct an ailing condition of the stomach, liver or kidneys, or to combat catarrh or rheumatism.

Here in Paris Meritone can be obtained only at G. S. Varden & Son's. (adv)

MCCORMICK RESIGNS AS CHAIRMAN DEMOCRATIC COMMITTEE

Vance C. McCormick has resigned as Chairman of the Democratic National Committee and it is understood that he is under consideration for appointment as American Ambassador to France to succeed William Graves Sharp. Mr. Sharp's resignation, it is said, is now in the hands of the President.

The fact that Mr. McCormick has resigned became known in Washington Tuesday, although there had been no suggestion of it when he sailed for France two weeks ago to assist with work in connection with the peace conference. He went to Paris in his capacity as the chairman of the War Trade Board, a position to which he was appointed last year.

Officials at the White House declined to discuss the report that Mr. Sharp would return home to be succeeded by Mr. McCormick, but it seemed to have credence in other official circles. Mr. Sharp was understood to have desired for some time to return to this country for a rest after his arduous duties as the American representative at the French capital during the long years of war.

RESOLUTIONS.

—The following resolutions were recently adopted by the Paris Epworth League, of the Methodist Church.

WHEREAS, the Providence of God, which is not always to be understood but is always to be trusted as wise and beneficent, has seen fit to call by death from our League and Church, Mr. John Blythe, one of that noble group of young men who responded so gladly to the call of their country and humanity in the great time of crisis through which we have just passed, and

WHEREAS, we shall miss the inspiration of his presence and interest in our League, therefore

BE IT RESOLVED; that we record our grief at his going but submit with humbled hearts and without rebellion to this action of Heaven's Providence, knowing that in this as in all things the will of our Father is wise and good.

RESOLVED further, that we comfort ourselves and would comfort his loved ones with the thought that his sacrifice and theirs was for a cause that perhaps, with the single exception of the cause for which Christ died, was the greatest and noblest that has ever enlisted the interest and devotion of men.

RESOLVED further, that we record our joy that this the only boy that has been called from our League to make the supreme sacrifice for his Country and humanity was one who loved his Church and his Lord and was therefore ready to "Meet His Pilot Face to Face," and give a faithful account.

RESOLVED further, that a copy of these resolutions be spread on the records of this organization, a copy sent to his parents and a copy given to the paper of Paris for publication.

THINGS TO WORRY ABOUT

Let's quit suing the Electric Light Co., the Water Co., building the new mill dam, buying new fire apparatus, etc., and get to work cleaning up the surplus mud on some of the streets of Paris. Pleasant street, especially, is almost impassable at certain corners. Get busy before another rain comes. This is not a knock, merely a suggestion, in view of the actual condition of the streets.

REAL ESTATE TRANSACTIONS.

County Attorney David D. Cline, of Paris, as agent for the Cline heirs, sold the Cline property, in North Middletown, located on Main street, to Mr. Francis L. Ritchie, of near that place. Mr. Ritchie will rent the property until spring, when he expects to occupy it as a home. He now resides on his farm near the Rockbridge pike.
Mr. L. B. Burns, of Nicholas county, purchased last week through

the real estate agency of Harris & Speakes, of Paris, the farm of Mr. Clay Cleveland, located on the Hume & Bedford pike, near Paris, containing about 134½ acres, for \$350 per acre. Mr. Cleveland purchased the farm about two years ago for \$175 per acre. The place is well improved and has on it a modern two-story brick residence, barns, etc. Mr. Burns will get possession of the property in March.
Harris & Speakes, real estate dealers, sold Saturday in front of

the court house door, the seventy-five acres of unimproved land, located on the Maysville pike, near Paris, and belonging to Mrs. Winnie K. Ford, of Paris. The place was purchased by T. J. and C. T. Kraft, bringing \$251.50 an acre.
Harris & Speakes sold on the same day to W. I. Dorsey, of Carlisle, the Fred Baler farm in Nicholas county, for \$155 an acre.
Motor Corps members give annually about 34,320,000 miles of service to the Red Cross.

Harris & Speakes will sell for Thomas A. McDonald, on Tuesday, January 21, his handsome modern bungalow, 1219 Main street. Look this property over if you want a nice home. (14-31)

BETTER BE CAREFUL.

Some of the leading speedomaniacs of Paris may likely undergo a change of heart regarding the sanctity of the judicial system since the courts have decided that it is manslaughter to run down and kill pedestrians who clutter up the street crossings and make free and uninterrupted driving very trying. At times it has been as much as a person's life was worth to attempt to cross the streets of Paris when the speedomaniacs are warming up their steeds. Precious little attention they pay to the pedestrian. Let 'em wait and take their chances on getting across! As between autoists what does a city ordinance amount to?

AT THE "Y."

The new piano, which was bought and paid for in popular contributions by the people of Paris and Bourbon county, under the leadership of Ed. T. Hinton and the Community Chorus, has been placed in position in the lobby at the Y. M. C. A. building.

At a meeting of the Executive Committee of the Boy Scouts, held at the Y. M. C. A. recently a definite program for each Friday night throughout the year was arranged. The Scouts are under the direction of Scoutmaster N. L. Sampson, who will instruct them in the manual drill and give them regular drills. The dormitories at the Y. M. C. A. are "full up" and late applicants for rooms have been placed on the waiting list to take their turn.

PASSING PROSPERITY AROUND

It is gratifying to note that the Bourbon county farmers who are receiving such good prices for their tobacco are putting a big part of it back into circulation again, buying new implements, furniture and other needed articles, as well as food supplies.

THE NEWS is grateful for receiving its liberal share of the "coin of the realm," many coming into office while in town marketing their crops, to pay their subscriptions to the paper. We appreciate these favors, and hope to continue the paper's good reputation in 1919 for furnishing a local paper of merit. Thanks!

FIRST BOURBON WOUNDED SOLDIER HERE.

The first wounded Bourbon county soldier to return from France is Private Frank Taylor, who has just arrived for a visit to his parents, Mr. and Mrs. J. P. Taylor, near North Middletown.

Private Taylor has sustained permanent injuries, according to the verdicts of the army surgeons who have examined him. He received five machine gun bullets in the left leg, between the knee and thigh, in his attempt to make his fourth venture over the top on the Verdun front. His limb is stiff and apparently lifeless, as a result of his wounds. He was in the thick of the fighting from June until October 11, when he received his wounds.

In company with his comrades, Taylor attempted to go over the top, and while making the rush was detected by a German machine gunner stationed in a "nest" in a tree top. The Boche turned the machine gun loose on the American boys, and five quick shots rendered young Taylor helpless. Private Taylor stated to THE NEWS man that his escape from death was due solely to his thoughtfulness in turning over and over, thereby getting out of range of the machine gun.

NEW CARRIER SERVICE

For several weeks THE NEWS has been handicapped by carrier service to its patrons in South Paris, especially in the region embracing Cypress, Nineteenth and Twentieth streets. Complaints of missing papers left the carrier open to criticism, with the inevitable reply, "Somebody must have stolen the paper. I surely left it."

While not putting all the blame on the carrier, THE NEWS is constrained to believe that the service in the past few weeks was not what it should have been. We have made arrangements for a new carrier on that route, and with a revised list, hope to see our patrons faithfully and efficiently served, as is our desire for this and every other route in the city.

The Secret of Their Beauty

It is health, robust health, that is responsible for the Kentucky girl's good looks. If she gets sick, she proceeds to get well. Possessed of health, she knows that personal charm and attractiveness need not worry. They are hers. That is the secret.

The story of Mrs. Hattie Hamilton, 817 Myrtle Avenue, Latonia, Kentucky, is typical. She says: "I have never in all my life, until recently, weighed over 102 pounds. Finally, I began to take Peruna. My weight now is 120. While I didn't really need it, I have started on the third bottle. Peruna has certainly done me a great deal of good and I recommend it to my friends. Several are taking it. It is surprising the amount of dependence placed by women everywhere upon Dr. Hartman's World Famous Peruna. For forty-five years it has been a household remedy for coughs, colds, catarrh and all catarrhal inflammation whether of the respiratory system, stomach or other organ or part of the body. The record of Peruna for nearly a half century is a startling one. Thousands have discovered and testified to its marvelous merit. Peruna is sold everywhere. May be purchased in either liquid or tablet form. Your dealer has it. Ask for Dr. Hartman's well-known Peruna Tonic. Do not accept a substitute or 'something just as good.' Insist upon Peruna. If you are sick and suffering from any cause whatever, write The Peruna Company, Dept. 76, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

In France alone, the American Red Cross maintains 7,500 hospital beds and has 600 beds in its convalescent houses.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

MAIL FOR AMERICAN SOLDIERS IN FRANCE UNDELIVERED

From eight to ten carloads of mail for American soldiers are undelivered in France, Second Assistant Postmaster General Praeger told the Senate Postoffice Committee and "thousands and probably millions" of letters addressed to the men overseas will arrive in New York soon to be sent to the dead letter office where an attempt will be made to return them to the writers.

Blame for the failure to deliver this mail was placed on the War Department by Praeger, who again explained that the army authorities handle all soldiers' mail in France, the Postoffice Department delivering outgoing mail at Hoboken and receiving returning mail at the French ports.

Praeger said one way to improve conditions overseas would be to send a force of experienced mail clerks to France to deliver the mail to the soldiers.

SPARTACAN LEADERS KILLED BY GERMAN MOB.

BERLIN, January 20.—Dr. Karl Liebknecht and Rosa Luxemburg have been killed.

Dr. Liebknecht was shot and killed when trying to escape as he was being taken to prison.

Rosa Luxemburg, Liebknecht's chief lieutenant, was shot dead after being beaten into unconsciousness by a mob in Berlin.

Karl Paul August Friedrich Liebknecht was born at Leipsic on August 13, 1871. He was a radical opponent of the militarist policies of Germany, and this attitude brought about his trial on a charge of high treason in 1907, following the appearance of an anti-military pamphlet written by him. He was convicted on a less serious count and sent to prison for eighteen months.

Dr. Liebknecht visited America in 1910 and lectured in New York. In 1912 he was elected to the German Reichstag from Potsdam and the next year caused a furor in Germany by bringing charges against the Krupps, saying that the organization was inspiring war spirit against the French. He continued his attacks and in the course of debates mentioned Emperor William and the crown prince as being involved in the alleged conspiracy centering around Krupps.

When the great war broke out Dr. Liebknecht refused to do military duty, but was forced into an engineer battalion on the Russian front. He did not cease his attacks against the military system and on May 1, 1916, was arrested for making an incendiary address at a May Day demonstration in Berlin. After trial he was sentenced to prison for thirty months. From this sentence he appealed and on retrial was sentenced to jail for four years and one month. While in prison he continued to write articles, which were given clandestine circulation. One of his pamphlets accused the German government of being guilty of bringing on the war. During his imprisonment he was elected to the Reichstag from Sandau.

After being in prison two years and two months, he was released on October 24, 1918. In the political cataclysm that developed in Germany early in November, resulting in the abdication of Emperor William, his fight and the establishment of a Socialist government, Liebknecht played a prominent part. Dr. Liebknecht became leader of a radical Socialist faction known as the Spartacus element. The rising tide of radicalism reached its crest in the first week of January, when the Spartacus came into armed conflict with troops loyal to the Ebert government. After a week of fighting the Spartacus were defeated.

Rosa Luxemburg was formerly principal editor of the Vorwaerts, the organ of the German Socialists. She often came into conflict with the authorities and twice underwent imprisonment for freely expressing her view on subjects connected with the government. She was consistently opposed to the war and at one time her writing brought about criminal proceedings against leaders of the Socialist party. When the revolution broke out in Berlin early in November she was reputed to be the leader of the most violent group of Socialists. Later she seconded Liebknecht in his efforts to organize the Spartacus element, although she strenuously opposed Liebknecht's proposal that elections for the national assembly be held at once.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Paris.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Paris. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Paris sufferer longer doubt the evidence?

Mrs. J. T. Martin, 1024 Main St., Paris, says: "Kidney trouble came on from a fall and the results were very severe, causing me more suffering than the fall itself. No one can ever know what I went through at that time for I suffered awfully. My back ached and pained until I thought it would break in two. Sharp twinges shot through my kidneys and if anyone had hit me in the back with a heavy axe it couldn't have hurt worse. In one week after using Doan's Kidney Pills, I felt like a different woman, for they fixed me up in fine shape." (Statement given February 17, 1908.)

On November 9, 1916, Mrs. Martin said: "Doan's Kidney Pills have made a cure for me and it has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Thought He Was "Kidding."

One day a Dublin grave digger working very hard broke his spade. He sent his little son for a new one and told him to tell the shopkeeper he would pay him when he was finished. When the boy came back empty-handed, his father asked him why he did not bring the spade. "Because," said the boy, "he chased me away when I told him you would pay him when you came out of the grave."

THE GIST OF IT.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was restored to health," writes O. J. Metcalfe, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere. (Jan-adv)

PROHIBITION AMENDMENT RATIFIED BY 37 STATES

WASHINGTON, January 20.—Legislatures of 37 states—one more than the required three-fourths—have ratified the prohibition constitutional amendment.

Several State Assemblies now in session as expected took action.

It was a very close race between Nebraska, Missouri and Minnesota as to which will be the thirty-sixth on the list.

Ratification was completed Wednesday by the Legislatures of five states—Iowa, Colorado, Oregon, New Hampshire and Utah—making a total of 12 in two days.

Of the 35 states that have taken action, only 14 have certified their action to the Federal State Department. They are Virginia, Kentucky, North Dakota, South Carolina, Maryland, South Dakota, Texas, Montana, Delaware, Massachusetts, Arizona, Georgia, Louisiana and Michigan.

The amendment, under its provisions, becomes effective one year from the date of its final ratification. Additional legislation by Congress is necessary to make it operative, and groundwork for this already has been laid. This legislation will prescribe penalties for violations of the amendment and determine how and by what agencies the law shall be enforced.

If ratification is completed this month, many officials here believe the country will become permanently "dry" next July 1, the date on which the special war-time prohibition recently enacted by Congress goes into effect.

This law prevents the manufacture and sale of intoxicants for beverage purposes, and remains in force until the demobilization of the nation's war armies is completed.

Court action to prevent the amendment becoming operative already has been started in California, where an order temporarily restraining Governor Stephens from the ratification has been obtained. It has been intimated that similar action may be taken in other states in which it is said, state laws require that Federal constitutional amendments must be submitted to a referendum.

The prohibition amendment resolution passed by Congress provides that ratification shall be by "the Legislatures of the several states as provided by the constitution."

The resolution follows:

"Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two thirds of each House concurring therein), that the following amendment to the constitution be, and hereby is, proposed to the states, to become valid as a part of the constitution when ratified by the Legislatures of the several states as provided by the constitution:

"Article 1—Section 1—After one year from the ratification of this article the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

"Section 2—The Congress and the several states shall have concurrent power to enforce this article by appropriate legislation."

"Section 3—This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the Legislatures of the several states, as provided in the constitution, within seven years from the date of the submission hereof to the states by Congress."

The resolution was passed by the Senate, 65 to 20, on August 1, 1917, and by the House, 282 to 128, on December 17, 1917. Mississippi was the first state to ratify the amendment, its Legislature acting on January 8, 1918.

JEFFERSON CITY, MO., January 20.—The Missouri Legislature Thursday ratified the Federal prohibition amendment, when the House concurred in the Senate resolution by a vote of 154 to 36, being the thirty-seventh State to ratify.

WASHINGTON, D. C., January 20.—Under the terms of the amendment the manufacture, sale and importation of intoxicating liquors must cease one year after ratification, but prohibition will be a fact in every state much earlier because of the war measure forbidding the manufacture and sale of alcoholic beverages after June 30 until the demobilization of the military forces is completed.

Under the war-time measure exportation of liquor is permitted, but the great stocks held in bonded warehouses will have to be disposed of before the Federal amendment becomes effective.

Discussion as to whether the new amendment becomes a part of the constitution, or whether it becomes a part of the basic law only when each state has certified its action to the Secretary of State, led Thursday to a search for precedent, which showed

that the only two amendments ratified in the last half century, providing for income taxes and direct election of Senators, were considered effective immediately the thirty-sixth state had taken affirmative action.

Senator Morris Sheppard, author of the prohibition amendment, held that national prohibition becomes a permanent fact January 16, 1920.

Only 14 of the states have certified their action to the State Department. The vote of the Mississippi Legislature, the first to act, has not been received.

The Mississippi Secretary of State said Thursday that the certificate had been mailed to Washington immediately after the Legislature acted.

WASHINGTON, January 20.—Here are a few of the things, it is claimed, that prohibition will do:

Close to a stroke 236 distilleries, 992 breweries and more than 300,000 saloons and wholesale liquor houses, forcing their employees to seek other jobs.

Cut off from these persons an annual income totaling more than \$70,000,000 in pre-war times.

Cut off from the United States Treasury a source of taxation counted upon for an even \$1,000,000,000 in the first drafts of the new revenue bill and millions in additional incomes of city and state treasuries.

Remove the liquor question from national, state and city politics for all time, and help decrease city, state and Federal expense by decreasing law violations.

Improve public health and increase longevity to the economic value of billions of dollars.

Bring about a rapid decrease in many forms of insanity.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any drugist or toilet counter for a few cents.

"SAVE A LIFE."

The appeal will be sounded the length and breadth of Kentucky during the coming campaign for Armenian and Syrian Relief the week of January 26, when this State will be asked to save the lives of 5,000 sufferers by contributing \$300,000 towards the annual campaign for \$3,000,000.

The sum sought is recognized as being the smallest asked in any humanitarian campaign growing out of the war, but the purpose is without parallel, as the amount named is asked of the American people in order to sustain through the winter and into next summer, when they will be in a position to help themselves, 3,950,000 Christians and Jews living in Asia Minor, the Caucasus, Armenia, Persia, Syria and Northern Egypt.

The quota which Kentucky will be privileged to subscribe is one which persons acquainted with conditions in the State are confident will be surpassed in a single day of solicitation. Every county in the State will be asked to join in the giving, so that the fund will be sought everywhere on a uniform basis.

The State organization for Kentucky is rapidly being completed, and indeed the utmost speed is required in view of the nearness of the campaign. The Rev. Dr. E. L. Powell, of Louisville, who is known throughout Kentucky because of his connection as pastor of the First Christian church in the State's metropolis, has been chosen as the State Director for the Campaign, and within a day or so the entire State machine will be in working order, and county quotas will be announced when the organization is perfected.

Though the campaign is sanctioned by Congress, Governmental aid to the stricken peoples of the near East is not possible because they have no government to which a loan could be made. The Red Cross likewise endorses the project, and the arrangement is such that there is no overlapping of effort in relief work.

BAD COLD QUICKLY BROKEN UP

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtained everywhere.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach and liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

It is not certain that the English language will be official at the peace conference, but it will at least be understood.

Mrs. W. W. Burley, wife of a former well-known resident of Paris, died at her home in Wyandotte, Mich., last week, from a short illness due to an attack of acute indigestion. Mr. and Mrs. Burley moved from Paris to Wyandotte about two years ago. They were highly esteemed by all their friends and neighbors. Mrs. Burley was a devoted member of the Paris Christian church, and was faithful in her attendance at all the meetings until her failing health interfered.

Besides her husband she is survived by four sons: Mr. A. L. Burley, of Paris, Mr. Wm. Burley, of Wyandotte, Mich., Mr. Owen Burley, of Rochester, N. Y., and Mr. Orris Burley, of Ashland, Ky.

The body of Mrs. Burley arrived in Paris, Sunday, and was taken to the home of her son, Mr. A. L. Burley, from where the funeral was held. Services were conducted at the grave in the Paris Cemetery yesterday afternoon at 3:30 o'clock, conducted

WILMOTT.

Funeral services for Mr. I. Frank Wilmott, aged eighty-five years, one of the best-known residents of the county, who died at his home near Hutchison, this county, Friday night, after an illness of many months, was held at the family residence, Sunday afternoon, at 1:30 o'clock, the Rev. Mark Collis, of Lexington, officiating. The interment took place on the family lot in the Lexington cemetery.

The pall-bearers were C. S. Wilmott, A. S. Foley, Perry Bronough, E. P. Claybrook and J. W. Jacoby. An escort from Merrick Lodge I. O. O. F., of Lexington, of which he had been a member for forty years, attended the funeral and burial.

Mr. Wilmott was descendant of Gen. Wilmott, who won fame in Mexican war, and whose body is buried on the Wilmott lot in the Lexington Cemetery. He was twice married, first to Miss Turner and then to Miss Boone. By his first marriage he leaves two children, W. T. Wilmott, of Shelbyville, and Brooks Wilmott, of Hutchison. Six children by his second marriage survive him. Misses Kate, Lula and Edith Wilmott, and Boone, Carl and James Wilmott, all of this county.

Early in life he became an active member of the Antioch Christian church and his earnestness and cleanliness of word and thought are a sweet memory to those he has left behind. For more than three-score years he was an interested member of the Odd Fellows Lodge, taking great pride in that institution and in the work of the lodge for the orphans.

FUGAZZI.

Miss Irene Fugazzi, 31 years old, principal of the Fugazzi School of Business, at 120 North Upper street, and one of Lexington's best known and most progressive young business women, died at her home, 245 Lexington avenue, yesterday morning at 3 o'clock, of bronchial pneumonia, superinduced by influenza, following an illness of about two weeks.

Miss Fugazzi was the daughter of Fred Fugazzi, retired confectioner. As a child she resided in Paris for several years, her father conducting a fruit stand and confectionery in the building now occupied by Harry Linville. The family moved to Lexington, where Mr. Fugazzi conducted a fruit business in the building at the corner of Main and Limestone.

A little over two years ago, Miss Fugazzi established the Fugazzi School of Business, which has been a success from the start. From a modest beginning, the institution grew and flourished and this year enrolled more than 300 students from all over the Bluegrass.

Bright, charming and possessing fine managerial ability, Miss Fugazzi inspired her students with enthusiasm and diligence in mastering a practical business course; and many young women, who are holding good paying positions in the business world, owe their success to her kindness and helpfulness.

The news of her death will be heard with deep regret by all who knew and loved her for her many noble qualities of mind and heart.

The school of which she was the executive head, it was announced will be closed for two weeks, until arrangements can be made for its re-opening.

ROEBUCK.

Mr. Chas. D. Roebuck, who died at his home in Van Wert, Ohio, some days ago, was one of the best-known railroad telegraphers in the country. Mr. Roebuck was a resident of Paris for some time, residing with his family, in the two-story cottage on Main street, adjoining the present home of Rev. W. E. Ellis.

THE NEWS is in receipt of a copy of the Paulding (Ohio) Democrat, with the following obituary of Mr. Roebuck:

"Charles D. Roebuck, aged 43 years, died last Tuesday morning, at his home at Van Wert, of pneumonia. He was taken ill on New Year's day, and his attack baffled the best medical assistance, resulting fatally. Deceased with his family had resided in Van Wert during the past year, moving there from Rockford, and was employed as train dispatcher of the C. N. railroad.

Besides his wife, who was formerly Miss Chloe Bashore, daughter of Mr. and Mrs. F. M. Bashore, Mr. Roebuck is survived by two children, Frank, aged 11 years, and daughter, Burban, aged 13 years. He is also survived by his mother, three brothers and four sisters.

The funeral was held at the home at Van Wert, conducted by Rev. A. H. Weaver, pastor of the Paulding Methodist Episcopal church, and the remains were brought to Paulding for interment in Live Oak cemetery.

Deceased was a member of Van Wert Commandery Knights Templar, and they accompanied the remains here for interment. Paulding Knights Templar also turned out and accompanied the funeral cortege from the train to the cemetery as a proper mark of respect.

Mr. Roebuck's decease came as a surprise to his friends and acquaintances, as he had been in the best of health up to the day he was taken ill.

The hand of death has certainly rested heavily upon the family of Mrs. Martha Bashore, mother of this widow, in the recent past. This is the fifth death of near relatives in the past couple of months. Two sons, a son-in-law, a brother, and a niece have been taken. The sincere sympathy of every acquaintance is extended her and the other members of the family."
